## 1. General Information

### 1.1. Programme Title

Minor Programme in Applied Economics  
应用经济学副修

### 1.2. Academic Unit Involved in the Delivery of the Programme

The Minor Programme in Applied Economics is to be offered by the Applied Economics programme and administered under the Faculty of Business and Management.

### 1.3. Programme Aims, Objectives and Intended Learning Outcomes

The Minor Programme in Applied Economics aims to provide students with a firm foundation of knowledge about the workings of economic systems and to develop their analytical skills for the constructive use of that knowledge in multidisciplinary areas that involve economics. The programme is designed to stimulate students intellectually through the study of a range of economic problems and an appreciation of the economic impacts on business, social, political and environmental issues.

Table 1 below outlines the Programme Intended Learning Outcomes (PILOs) of the Minor Programme in Applied Economics whereas Table 2 illustrates the alignment of its PILOs with the Graduate Attributes (GAs) of UIC.

**Table 1: Programme Intended Learning Outcomes (PILOs)**

Upon successful completion of the programme, students should be able to:	
<b>PILO 1</b>	Evaluate economic issues or policies from a global perspective based on economic theories and empirical evidence.
<b>PILO 2</b>	Explain the theories and principles of economics and apply these theories and principles towards the task of solving economic problems in real world settings;
<b>PILO 3</b>	Communicate economic intuition or predictions from empirical analysis to people in academia and in private sectors.

#### 1.4. Medium of Instruction

The medium of instruction for the Programme is English.

#### 1.5. Target Students

The target students of the Programme are UIC non-FBM students.

#### 1.6. Year of Implementation

The Minor Programme in Applied Economics has been offered from the Academic Year of 2020-2021.

### 2. Programme Requirements and Structure

#### 2.1. Programme Requirements

The Minor Programme in Applied Economics aims to develop in students, by combining economic thinking with data analytics, a range of generic skills that will be of value in employment and self-employment in the fast-changing business world. Students can claim the Minor Programme in Applied Economics if they can fulfil the following criteria:

- a) Complete 15 units in accordance with the stipulated programme structure as in Table 3; and
- b) Attain a minimum cumulative GPA of 2.0 for all the 5 courses to be completed.

#### 2.2. Programme Structure

The Minor Programme in Applied Economics consists of 2 required courses followed by 3 electives from the list of elective courses as stipulated in Table 3. Students are required to complete at least one course at level 3 or above.
